

Being 3

Big changes happen at 3.

Your child is learning, talking, moving and making friends in new ways.

A **3-year-old Child Health and Development Check** helps you understand how your child is developing, growing and getting ready for their future learning journey.

The check is:

- Free for all families
- A chance to ask questions
- Support that fits your family
- Provided by the Child and Family Health Service (CaFHS)
